Mária BIELIKOVÁ

Chair, Committee on Ethics and Regulation of Artificial Intelligence

Maria Bielikova is co-founder and CEO of the Kempelen Institute of Intelligent Technologies, whose mission is to connect industry to excellent science. She is a chair of the Slovak Permanent Committee for Ethics and Regulation of AI. She was one of the founders of Slovak.AI later transformed into AIslovakIA.

She is a former member of the High Level Expert Group on AI established by European Commission and of the Board of governors of the European Commission Joint Research Center. Before, she was a full professor at the Slovak University of Technology in Bratislava, lead of the PeWe research group and director of the User eXperience and Interaction research center.

She is a former dean of the Faculty of Informatics and Information Technologies (FIIT STU). Maria is active in the AI research community, with a particular interest in human-computer interaction analysis. She published more than 200 scientific papers in peer-reviewed journals and conferences, and participated in more than 50 research projects, mostly as principal investigator.
